

Dear Clients,

In order to continue to protect the confidentiality of our clients, the laboratory will require you to know your LADDL account number when requesting any information concerning accounts or test results. Your LADDL account number is located on the upper left corner of your monthly invoice and also on the LADDL test report next to your clinic name.

In the near future LADDL will have the capability to email test results to you, therefore we are including a space on our submission form to include your email address. We are requesting that you use only one email address per account. If your email address changes please let us know.
